NOTICE

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Timeframes are typical, not guaranteed. They depend on the attending physician or medical examiner signing the death certificate and on the county registrar. Rush service and packages do not shorten the mandatory 48-hour waiting period.

Before you choose

Thank you for taking the time to read and learn about us. Green Cremation Texas, LLC (d/b/a Cremation.Green) is committed to providing our community and the entire State of Texas with transparent and empathetic service. It is our honor to provide Texans with empathetic, meaningful services that are affordable for the family.

This list shows the goods and services we offer and what each one costs. We do our best to be as transparent as possible. You may keep this list. If anything here is unclear, call us and we will explain it. We will also give you prices over the phone.

Payment

Payment is due in full before services are provided. We accept major credit cards, checks, money orders, cash, and prepaid funeral contracts.

Prepaid contracts and insurance from other providers

We are able to accept prepaid funeral contracts of other funeral providers or life insurance policies in good standing. Contact us for immediate information and assistance. Policies will be subject to a $500 filing fee. Before we draft any contract for goods and services, the responsible party or the decedent's next of kin who is handling funeral arrangements is entitled to and will receive a copy of any pre-need agreement in the possession of Green Cremation Texas that has been signed and paid for, in full or in part, by or on behalf of the decedent.

Caskets and urns you buy somewhere else

We will accept a casket or urn you purchase from another seller, and we will not charge you anything additional for handling it.

How arrangements are made

Cremation, water cremation, natural organic reduction, and forwarding arrangements are made digitally, by phone, text, or email. You are not required to come in. For immediate burial, a funeral director meets with you in person at your home or at our Resting Oak Ranch care center.

Where care takes place

For families in Central Texas, flame cremation, embalming, witness cremations, and viewings are performed at our care center, called Resting Oak Ranch, located at 744 Lower Elgin Road, Elgin, TX 78621 (TFSC Crematory #2583; TFSC Commercial Embalming Establishment #4789). Offsite viewings at a location of your choosing are also available. For families in the DFW, Houston, South Texas, and West Texas areas, these are performed by partner facilities. We will tell you which facility will care for your family member before you decide.

Two things Texas law requires

1. Cremation container. Human remains must be placed in a cremation container that is made of combustible material, provides a complete covering of the body, resists leakage, is rigid for handling, and protects the health and safety of crematory staff (Texas Health and Safety Code § 716.151). A casket is not required. If you provide your own container, it must meet these requirements.

2. 48-hour waiting period. Cremation may not take place sooner than 48 hours after the time of death shown on the death certificate, unless a justice of the peace or medical examiner of the county where the death occurred waives the waiting period in writing, or a court orders it (Texas Health and Safety Code § 716.004). We can request a waiver for you. We cannot grant one, and we cannot promise one will be granted. No service on this list shortens this waiting period.
